EDUCATION:

Rosary College (now Dominican University)
River Forest, Illinois
MLIS in Library and Information Science 1994

Wright State University
Dayton, Ohio
BA in Psychology 1989

LIBRARY EXPERIENCE:

University of Wisconsin-Madison
Ebling Library for the Health Sciences
Madison, Wisconsin
Information Architecture Librarian

11/00 – present

Responsible for development and maintenance of the libraries' public website, staff intranet and several other websites. Acts as a liaison between the Ebling Library and other campus library and University departments in terms of web presence and other information and technology needs. Provide support and training for staff working on Web and other projects involving organization and use of information, particularly networked information.

Current projects or interests include: Games and Simulation in Healthcare – created and maintain a portal of games & simulations, vendors, simulation labs, events, readings and more. Working on developing a better taxonomy. Research Data Services – working with a campus group to provide consultation and education about data plans and other research data curation and access issues – webmaster and consultant.

Indiana University School of Medicine
Ruth Lilly Medical Library
Indianapolis, Indiana
Reference Librarian

4/95 – 9/00

Provided reference desk coverage. Taught classes in HTML, general Internet topics and medical informatics. Also developed a number of web pages including ones devoted to the Web portion of a medical informatics clerkship for 4th year students and ones devoted to computer-assisted instruction.

Northwestern University
Galter Health Sciences Library
Chicago, Illinois

Library Assistant I - Learning Resources Center

2/93 - 3/95

Provided technical support for productivity and educational software in a lab of Macs and PCs.

Library Assistant I - Health Sciences Library

1/91 - 2/93

Responsible for basic circulation functions as well as all print reserve readings processing.
