

1. Find articles written by the following **authors**:
 - J.C. Stewart
 - G. Guyatt

2. Find the full title for the **journal**: *CMAJ*
 - Who publishes this journal?
 - What year did this journal begin?
 - Search for articles in this journal

3. Using the **Single Citation Matcher**, can you find any articles authored by Michael J. McDonald in 2002?

4. Find articles written by Guyatt, G. in *CMAJ*. *Hint: Use **History** to combine previous searches*

5. What are the appropriate **Medical Subject Headings (MeSH)** for the following terms:
 - a. CABG
 - b. cardiac valve
 - c. heart attack

6. You have a patient scheduled for a *total knee replacement*. You wonder what types of *rehabilitation* are available for this type of surgery. The fact that the patient is *60 years old* and you want only *review articles* will help limit your search. Search PubMed using the MeSH Database and apply limits as appropriate.
